The text accompanying the model will change, Page 9/25

Labeled Pig Brain Diagram - bitofnews.com

The Brain Dissection: We tied our pig’s feet to the underside of the tray, allowing the pig to rest on the ventral side (belly). We cut off the flap of skin on the head, around the brain, to expose the skull. This involved one incision around the head. We shaved the skull, scraping bone away. We felt a soft spot and poked a hole into the skull.

Fetal Pig Dissection Lab Report - Fetal Pig Dissection By ...

Fetal Pig Dissection Pictures. While this page summarizes the information needed for the lab practicum, a very good site for further review can be found at the following: Fetal Pig Dissection Guide. Digestive System. Circulatory System.
