William Blake - The Tyger | Genius
Dare frame thy fearful symmetry? Presumably the question is rhetorical; the real question-behind-the-question is why. (This might help to explain Blake’s reference to ‘fearful symmetry’: he is describing not only the remarkable patterns on the tiger’s skin and

fur which humans have learned to go in fear of, but the ‘symmetry’ between the innocent lamb on the one hand and the fearsome tiger on the other.

489. Tiger. William Blake. The Oxford Book of English Verse

Fearful symmetry is a nuanced trait which has dual allusions, one for the tyger and the other referring to divine deity. As apparent, the sublime characteristic refers to an entity extremely big and powerful yet mysterious. As a result, the poet starts off with poetic allusions, entirely open-ended for the reader to perceive as he pleases.

Analysis of The Tyger by William Blake

"The Tyger" is a poem by the English poet William Blake, published in 1794 as part of his Songs of Experience collection. It has been the

subject of both literary criticism and many adaptations, including various musical versions. Literary critic Alfred Kazin calls it "the most famous of his poems", and The Cambridge Companion to William Blake says it is "the most anthologized poem in English".

Counselor Guide: Fearful Symmetry Symmetry is something for which most people have an intuitive feel, but many have never thought about in enough detail to give names to all that they see. Symmetry is a way that a figure is like itself. Perhaps one side is a mirror image of the other (reflectional symmetry). Perhaps if you turned the image

The line ‘Could frame thy fearful symmetry’, which is then repeated with the first word being changed to ‘Dare’, is the only exception to this pattern — it has eight syllables in the line, so we can call it hypometric — it extends past the natural metre. This emphasises the line and shows that it is perhaps the most significant idea in the poem — Blake finds it hard to understand how a tiger could be created, the imagination and skill required to create a tiger is certainly ...
