The NT650V Deauville's engine is very much a tried and tested unit. It's been powering Honda machinery since glaciers slid across the Scottish borders. But in 2002 it received several updates to bring it into the modern world, namely a catalytic converter to appease EU emissions regulations, and lighter engine internals to reduce vibration. Power and torque aren't huge but neatly ...

Honda Deauville NT650V (first registered in 2004 and 15000 miles) just had a service 2 weeks ago and on way home the engine died as if out of fuel, tank 1/2 full. It took 10 minutes of persistent turning over before the engine would run. Reported this to garage and they checked it out and could not find a problem. Today it has happened again, the engine was fully warmed up, having ridden ...

The Honda Deauville, also designated the NT650V and NT700V, is a mid-range touring motorcycle manufactured and marketed by Honda over a fifteen-year production run (1998–2013) spanning three generations — and named after the French seaside resort. Across all three generations, the Deauville was known for its shaft-drive, liquid-cooled V-twin engine and extensive painted plastic bodywork ...
