## 6.5 Creedmoor Load Data - Nosler

The reputation of long-for-caliber 6.5mm bullets for deep penetration is well known, and today's selection of high-tech bullets allows you to tailor a load for just about any application. The 6.5CM is based on Hornady's .30 T/C and has been described as the .260 Remington "done right." There's considerable justification for this.

## 6.5 Creedmoor Reloading Data - Guns and Ammo

When precision reloading for a super-accurate rifle — such as a 6mm Creedmoor or 6.5 Creedmoor — achieving half-minute-of-angle accuracy comes easily with nothing more than standard reloading tools and unmodified, off-the-shelf components. From that point on, though, improvements in accuracy come slowly and usually in very small increments.

Take Aim at Rifle Reloading Data. Find what you need in four easy steps. Select your cartridge type from the drop-down list. Then select your bullet weight, powder manufacturer and powder type. If you're unsure, or just want options, check as many boxes as you'd like. Click "Get Data" to view results. Cartridge Select a Cartridge.

## Take Aim at Rifle Reloading Data | Hodgdon Reloading

The 6.5 Creedmoor rifle delivers accuracy akin to a bolt-action, but with the speed of a repeater. It pulls off this feat through some ingenious engineering, a bolt that essentially mirrors a bolt-action's lock-up. The 6-lug rotary head adds an element of consistency, which is easily seen downrange.
