Day Trading Money Management. Day trading as a business can be very profitable.

It is probably the safest form of investing, as you are focusing on a small number of positions, you are not holding any positions overnight and you are able to enter and exit trades with pinpoint accuracy. However, many day traders find themselves losing due to poor day trading money management.

Day Trading Money Management - Rules that Work

A trader will learn the hard way that they must also manage their mind after having trouble with letting stress, emotions, and ego cause them to not follow their trading plan. Money management usually comes last after learning how dangerous big losses are to a trader ' s capital and confidence.

Money Management Strategies for Serious Traders

Money management is a defensive concept.
It keeps you in the game to play another
day. For example, money management tells
you whether you have enough new money
to trade additional positions. Don ' t
confuse money management with stop
placement. Stop placement does not address
the how much question. Money
