The new edition will include grammar guidelines for social media.

~~What's New in the AMA Manual of Style~~

AMA 10th edition citation style is based on superscript and Arabic numerals (1, 2, 3, etc.). It means that your in-text citations and references list are closely connected because whatever source you mention in text first is going to be the first in a final list as well. Place numbers right after the fact or quote you mention.
