there is no

other book I

have found that

does a better
job of bringing
the whole of
ancient rhetoric
out from the
past and
presenting it
clearly and
simply to the
modern person.
It is clearly a
textbook, but
one of those few

entertaining and

what you need to

While writing

Students, we
adopted three
ancient premises
about composing:
first, that
nobody thinks or
writes without
reference to the
culture in which
he or she lives;
second, that
human beings

disagree with
one another
often and for
good reasons;
and third, that
people compose
because they
want to affect
the course of
events.
