Keyes is on top form in this novel and *Anybody Out There?* is up there with the best she's ever written. Like her character, Anna Walsh, one has the sense that Marian Keyes

Anybody Out There? is, in my opinion, Keyes's best work since Last Chance Saloon. This is another installment in the Walsh family saga and it deals with Anna, the second youngest of the sisters. The book opens with Anna recuperating at her parents' home in Ireland

I have thoroughly enjoyed reading the Walsh

Read Online Anybody Out There Walsh Family 4 Marian Keyes

Family books but none of them hold a candle to Anybody Out There? I knew Anna's story would be great but this far exceeded my expectations. This book made me laugh and made me cry. The love story of Anna and Aidan was beautiful, I adore them. I loved everything about this book, I'm just sorry it's over.

What I like most about this series is two things. One, you can read out of order and it's okay. Each story follows one of the Walsh girls. Two, the family. There is something wonderful about a close family, that still has its ups and downs, and Marian Keyes portrayed the closeness of this family very well in each book. I liked this re-read.
