#### 247 Backgammon

Backgammon is the first game developed by CardGames.io's two new full time employees, Kjartan and Alexandra! Winning a single game can take a long time, so we decided to just make the simplest version, without the doubling dice and tracking wins over many games. However, if we get a lot of requests for that we might add it later.

If you like Backgammon, you'll love Microsoft Solitaire Collection! One of the oldest and most popular board games in the world! Backgammon requires you to move your checkers after a roll of two dice. The number of dots on each die dictate your options. For example, if you roll a five and a one, you must move a checker five points forward, and a second checker one point forward. Remove all of ...

Backgammon is a member of the tables family, one of the oldest classes of board games. Backgammon involves a combination of strategy and luck (from rolling dice). While the dice may determine the outcome of a single game, the better player will accumulate the better record over a series of many games. With each roll of the dice, players must ...

Backgammon is an ancient board game with a Persian origin. It is probably one of the oldest games in the world that are played and popular nowadays. The biggest fans of the game affirm that the Backgammon board and its entire design symbolically represents one year. The year contains 12 months (triangles), 30 days per month (checkers), and a week (sum of lowest and highest dice results). Key ...
