agree that conversion in post is the best way to go.

## Better To Shoot in B&W Or Convert in Post?

The word photography comes from the ancient Greek words for "light" and "drawing". With the presence of light being a rather important constituent in the making of a photograph, it is no wonder that low-light conditions are often a photographer's nemesis.. While so many other lighting variables have an immense impact on your images - the quality, direction, color temperature, and ...
