In Harvard style, the bibliography or reference list provides full references for the sources you used in your writing. A reference list consists of entries corresponding to your in-text citations. A bibliography sometimes also lists sources that you consulted for background research, but did not cite in your text.

### Harvard Style Bibliography | Format & Examples

Education Research Complete is a robust database for education students, professionals and policymakers. Providing hundreds of full-text education journals, it covers all levels of education, from early childhood to higher education, plus multilingual education, health education and testing.

### Education Research Databases | Education Journals | EBSCO

Bibliographic reference tools have two main applications: for the production of a consistent bibliography for a particular piece of work, and for the on-going collection and maintenance of one or a number of lists of references. Most come equipped with a selection of standard output styles (such as APA, MLA and Chicago) and many will also allow you to create your own styles. Library Master is ...
