Blockchain Basics: A Non-Technical  
Introduction in 25 ...

June 14, 2018 This article aims to help  
people without technical backgrounds and  
explains the basics of blockchain technology  
in plain english. So Blockchain as a  
technology was developed to create a digital  
currency. The goal was to become independent  
of banks. So it was important to ensure full  
security when exchanging money.
