Body Language: It's What You Don't Say That Matters ...

October 25, 2018. Though music is generally regarded as the "universal language" that connects people from all over the world, it isn't the only form of communication that is inherently understood by humans from all walks of life. On an even simpler and intrinsic level, there's also body language, which clearly communicates feelings of happiness, sadness, bitterness, and fear—sometimes even when we don't want it to.

What Does Your Body Language Say? 1 / 15. Silent Signals. Sometimes, it doesn't even take a single word to send out a message loud and clear. Is your body language skewing others' view of you? Are ...

Pictures of Body Language and What It Means

Body language is a type of nonverbal communication that relies on body movements (such as gestures, posture, and facial expressions) to convey messages . Body language may be used consciously or unconsciously. It may accompany a verbal message or serve as a substitute for speech .

Definition and Examples of Body Language

Gestures can be some of the most direct and obvious body language signals. Waving, pointing, and using the fingers to indicate numerical amounts are all very common and easy to understand gestures. Some gestures may be cultural , however, so giving a thumbs-up or a peace sign in another country might have a completely different meaning than it does in the United States.

How to Understand Body Language and Facial Expressions

Fortunately, you can read intent in body language. Here ' s what to look for. Often, gestures speak much louder than words. While it ' s important to always listen closely to customers — and colleagues, for that matter — you should also pay attention to their actions and reactions, according to recent research.
