BUGS in Writing, Revised Edition: A Guide to Debugging ...
Description. BUGS

in Writing, written with verve and wit, may be the first book on writing that people read for sheer fun. Designed for easy browsing, it comprises 150 independent and easily digestible segments. BUGS was developed for anyone who writes

and who works with computers, including computer and other scientists, students, professors, business people, programmers, and technical writers.

Dupre, BUGS in Writing, Revised Edition: A Guide

As computers become ubiquitous in our society, more people are focusing on learning technology--often at the expense of developing more basic academic skills, most notably proper writing.Revised and

enhanced, this critically acclaimed and highly praised handbook provides a light, but thorough approach to learning better writing style.
