The nirvana of BPM third wave is the situation where the business analyst can redesign a business process, simulate the new process, and then move the new process to production in the IT-systems by himself. In this way "the business" becomes empowered and the divide between IT and business is not just bridged, but simply obliterated!

This textbook is ideally suited for classes on business process management, information systems architecture, and workflow management. This 3rd edition contains a new chapter on business decision modelling, covering the Decision Model and Notation (DMN) standard; the chapter on process choreographies has been streamlined, and numerous clarifications have been fetched throughout the book.

Business Process Management - Concepts, Languages ...

With fortuitous resonance Howard Smith and Peter Fingar position their thinking as the third wave of business process management (BPM), in doing so helping to realize Toffler's still emerging vision. From both a business and information technology perspective, it is almost as if Toffler was the prophet and third wave BPM the fulfillment of the prophecy.
