## ~~Calculus Howard Anton 5th Edition Solution Manual~~237

This is the best calculus book for the 99% of us who could care less about proofs and other tripe. This is for people who prefer applied mathematics, i.e engineers, scientists, social scientists, rather than spending 90% of your time doing stuff you'll never, ever use again. Anton focuses on real-world problems, and lots of them from many fields.
