Cannabis Britannica: Empire, Trade, and Prohibition. By James H. Mills (New York: Oxford University Press, 2003. xii plus 239 pp.). The profusion of recent historical work in the field of "drug history" may be roughly sorted by the authors' orientation to two important questions. First, is the work drug-specific, or does it aim to say something generally about a range of illicit or licit substances?

Cannabis is widely used as an illegal drug in the UK, while other strains lower in THC have been used industrially for over a thousand years for fibre, oil and seeds. Cannabis has been restricted as a drug in the United Kingdom since 1928, though its usage as a recreational drug was limited until the 1960s, when increasing popularity led to stricter 1971 classification.
