His Canon 7D Guide to Digital SLR
Photography has 473 pages. Happily its a
very readable guide and trust me, unless
you are an old hand at DSLR's, you need
this book. I have read about 200 pages
already, and do find quite a bit of stuff

which I know well enough, but more information specific to the 7D, which is absolutely a must-know.

The 7D is my first Canon DSLR and I
have found this book very useful in getting
