Your Caterpillar Serial Number (SN) is an 8 character alphanumeric code, typically starting with 3 letters and ending with 5 numbers. In early 2000 Caterpillar changed to a 17 character Product Identification Number (PIN) that conforms to the construction equipment industry standard. The PIN contains the serial number for the machine. In the photo below, the PIN is "CAT00D5GPWGB01070", and the Serial

The use of this exclusive source of information makes this Serial Number Guide the most comprehensive resource available. The format of the Serial Number Guide follows the standard practice of listing serial numbers either by a machine's make and model (and in some cases, Caterpillar being one, by serial number prefix) or by its manufacturer only when one set of numbers covers all categories and all models in a product line.
