chose their judges and priests by their practical demonstrations of wisdom and insight. When the Celtic Church first appeared, the value of this method became immediately apparent.

Monasticism - The Heart of Celtic Christianity ...

Since Celtic coins appear to have been struck to a tolerance approaching plus or minus 0.05 grammes, the skill demanded of the flan-pourer was considerable. The second technique, the "Muffin-Mould Method" (99) , involved casting the flans in clay moulds and then hammering them to shape prior to striking.
