This 31-chapter study guide provides preparation for the Certified Chief Engineer (CCE) professional designation offered by the National Association of Hotel & Lodging Engineers (NAHLE) specifically for hotel engineers. NAHLE has developed a less rigorous, but comprehensive professional certification for the #2 engineer (s) of large resort type properties or for the chief engineer at select service properties.

National Association of Hotel and Lodging Engineers

Certified Chief Engineer (CCE) Training: Consists of an online study-guide, tutorial, practice exams and exams for limited service hotel properties and low-rise lodging facility engineers and No. 2 or promotion tracked engineers for resorts and full service properties. This course is a little less demanding than our CDOE, but both curriculums include information related to the planning and organizing of tasks, overviews of hotel building systems, and the building facade and grounds.
