Summary. The strategic stalemate that prevented a direct military conflict between the United States and the Soviet Union displaced violent superpower competition to areas of the Third World where the two blocs could invest in local and regional wars without risking direct confrontation. The Soviet Union tended to approach such conflicts cautiously even when they involved other Communist states.

Soviet-American Cold War of 1945-91, Colin Gray posits seven categories of context: political, sociocultural, economic, technological, geographical-geopolitical, historical, and military-strategic. He also divides the Cold War into separate periods, defined by what he considers its three strategically 'decisive moments': the outbreak of, and the American-led reaction to, the war in Korea (June 1950); the Cuban ...

Cold War tensions between the United States and the USSR eventually exploded in Korea when Soviet-backed North Korea invaded South Korea in 1950. Determined not to let Communism spread in East Asia, Truman quadrupled military spending and ordered General MacArthur to retake the southern half of the peninsula.

The Cold War (1945-1963):  
Brief Overview | SparkNotes

This chapter examines how segregationists also attempted to manipulate Cold War tensions to their own political advantage. It discusses that the parochial self-interest of segregationists seemed to their political opponents “un-American,” since it destabilized the United States at a time when the country was already faced with unprecedented foreign threat.
