Code: The Hidden Language of Computer Hardware and Software is a book by Charles Petzold that seeks to teach how personal computers work at a hardware and software level. In the preface to the 2000 softcover edition, Petzold wrote that his goal

Download Ebook Code The Hidden Language Of

was for readers to understand how computers work at a concrete level that "just might even rival that of electrical engineers and programmers". The idea of writing the book came to him in 1987 while writing a column called "PC Tutor" for PC Magazine.
