Bachelor Thesis from the year 2010 in the subject Sociology - Methodology and Methods, grade: Sehr Gut, Management Center Innsbruck (Non Profit- social- and healthcare management), language: English, abstract: As communities around the world are struggling to cope with the changing social, economical and environmental structures, the demand for participation in the planning of policies is raising.

~~Community Development - Andreas Achatz - Google Books~~

~~Findings indicate that community development and the enhancement of participation promotes the ability for critical reflection of local problems and their capabilities to react on it. The findings also shed some light into social, environmental and economical capital to provide a sustainable setting for a healthy community.~~

~~Read online Community Development Andreas Achatz Grin Verlag~~

~~Community development is a new upcoming term in development studies and particularly in the field of social development of individuals, households, communities and the state. The idea of community participation is a holistic and multi-sectoral approach being applied in health, economic, politics, urban and rural development in both non-governmental and statutory social development programs.~~
