Concept A concept is a general approach to achieving something.

Concepts are broad and not concrete. A concept describes WHAT to do, but not exactly HOW. That's where ideas come in.

Practice development has a long association with the development and provision of person-centred care, cultures and ways of working.

Contemporary practice development is systematic, can contribute to the body of knowledge, focuses on using the workplace as the

Download Free Concept

main resource for learning and development, and seeks to improve health and social care through developing and sustaining person-centred cultures.
