Nations (Full Documentary) | Future Cities | WIRED Coping With Adversity Regional Economic

Coping with Adversity addresses the question of why some metropolitan-area regional economies are resilient in the face of economic shocks and chronic distress while others are not. It is particularly concerned with what public policies make a difference in whether a region is resilient.

~~Coping with Adversity: Regional Economic Resilience and ...~~

Coping with Adversity offers an opportunity for economic developers to assess the factors affecting the resiliency of their region's economy. In a world where we are continuously captivated by the next big thing and quick to celebrate the groundbreaking of stadiums or factories as transformational, the findings of this book are humbling."

The enormous health and economic challenges precipitated by the 2019 coronavirus disease (COVID-19) pandemic are comparable or even greater than those associated with previous historical world crises. Alcohol use, especially drinking to cope with stress, is a concern, as an increase in its sales has been reported in some countries during the quarantine.
