Crab walk (forward) *Crabwalk*

*Crabwalk*, published in Germany in 2002 as *Im Krebsgang*, is a novel by Danzig-born German author Günter Grass. As in earlier works, Grass concerns himself with the effects of the past on the present; he interweaves various strands and combines fact and fiction.

*Crabwalk - Wikipedia*

Crab Walk is an intense upper body and core exercise that uses your own bodyweight for resistance. Learning how to do crab walk will help you burn fat and tone your back, arms, shoulders, core, legs and hamstrings! When first trying the crab walk you'll likely feel a bit awkward. (It is, after all, named after the movement a crab makes!)
