great guide in teaching cybersecurity. Not only will you gain great knowledge, but you will learn how to take this knowledge and teach others and become a great leader in the Cybersecurity industry.

## **Cybersecurity Leadership: Powering the Modern Organization**

...

Overall, I found Cybersecurity Leadership: Powering the Modern Organization to be tremendously valuable for those leaders who are trying to take their careers or programs to the next level – from operational or tactical to strategic. Learning to let go of the keyboard is a challenge for many technology professionals and, if not overcome, eventually inhibits their career growth.
