Far and away the bestselling brief introduction to psychology, David Myers' Exploring Psychology doesn't just present the story of the psychology. It involves students deeply in that story, as they learn to think critically about psychology's core ideas, breakthrough research findings, and wide-ranging applications to their lives and the world around them.

There is no such thing as a light, perfunctory revision of David Myers' Psychology. Each new edition is a fresh opportunity to communicate psychology's enduring principles and pivotal research in terms that captivate students and connect with their lives. But even by Myers' standards, Psychology, Ninth Edition, is truly exceptional.
