The contributors to Decentralization and Local Governance in Developing Countries examine this institutional transformation from comparative and interdisciplinary perspectives, offering detailed case studies of decentralization in eight countries: Bolivia, Brazil, China, India, Indonesia, Pakistan, South Africa, and Uganda. Some of these countries witnessed an unprecedented "big bang" shift toward comprehensive political and economic decentralization: Bolivia in 1995 and Indonesia after the ...

Decentralization and Local Governance in Developing ...

Decentralization, or decentralizing governance, refers to the restructuring or reorganization of authority so that there is a system of co-responsibility between institutions of governance at the central, regional and local levels according to the principle of subsidiarity, thus increasing the overall quality and effectiveness of the system of governance, while increasing the authority and capacities of sub-national levels. ...
