In Discovering Happiness, Shawn Achor offers 5 simple practices to dramatically raise your happiness levels and deepen your feeling of connection with the world around you. For many of us, we see happiness as a prize we get later in life after we've found love and accomplished everything we've set out for, as if at that exact moment, confetti will somehow rain down from the sky and we'll finally be happy.

5 Happiness Hacks from Shawn Achor in our latest Calm ...

Discovering Happiness. Depressed? Realizing there's no reason to fight anymore? Succumb to the status quo or die, that's your options now. I sure hope not, but this was me late November 2019. After a lifetime of fighting I finally gave up. But something deep inside of me didn't give up, which left me standing there, still alive.

Gauging your attitude provides the opportunity to notice it and from there, conscious choice can be applied where unconscious action previously existed. Just looking at this leads automatically to increasing your level of happiness. You're life is probably a happy one.

Saltori Happiness Quotient

Well at home, the research suggests we can generate happiness by interacting with our communities. But happiness is not entirely down to our communicative abilities. Professor Gehmacher argues that "happiness can and must be learned", in the same way you can learn to be creative, or sporty.
