Does It Matter? by Siegfried Sassoon Essay - 1932 Words ...

ries of essays representing philosopher Alan Watts's most recent thinking on the astonishing problems of man's relations to his material environment. The basic theme is that civilized man confuses symbol with reality, his ways of describing and measuring the world with the world itself, and thus puts himself into the absurd situation of preferring money to wealth and eating the menu instead of ...

Does It Matter?: Essays on Man's Relation to Materiality ...

Yes, this is true, but then saying that IT itself does not matter at all could be considered as an exaggeration of the matter. As said earlier, IT has alleviated the business industries so much. Today, the data of companies as well as their market could be viewed through the Internet making it possible to attract more customers at that.
