Keep Up with Your Quants -  
Harvard Business Review  
Targeted at business people  
or non-data scientists,  
Keeping up with the Quants  
provides a good overview on  
how to approach data science  
projects without going into  
the mathematics details. It  
describes a simple  
methodology (nothing too  
novel) on how to work with  
data scientists and  
stakeholders to use data to  
solve problems.
