Her existence has become one big hot flash inflamed by killer moods. A chance meeting seems to give her the escape she's desperate for but at what cost? Accused of murder she finds herself in a jail cell accompanied by her regrets and the gnawing fear that her life may be changed forever. It's a kind of mental pause that Abbie has never imagined, in a story that offers no letup from start to satisfying finish. Change of life, anyone? Mental Pause promises to take you way beyond."--Back cover.

A novel of Dubai, *The Sand Fish* by Maha Gargash offers readers a fascinating glimpse into another corner of the world. Set in the 1950s in what is now the United Arab Emirates, *The Sand Fish* tells the poignant and powerful story of a rebellious young woman trapped in a repressive society—as richly atmospheric a look at Middle Eastern life and culture as *The Kite Runner* by Khaled Hosseini and Alaa Al Aswany's *The Yacoubian Building*.

How would you feel if after escaping from the 'golden cage of Dubai', you didn't know where home was, anymore?' *Life after Dubai* is a funny and touching memoir about a twenty-something girl who pushed by the desire of living an international experience away from home, together with the unfortunate news of her father passing, decided to move to the lavish and futuristic city of Dubai, after being offered a dream job as a Flight Attendant for one of the world's best airlines. But the hidden reality of this glamorous lifestyle was, that it wasn't so glamorous after all. After eight years of non-stop travelling in conjunction with the downsides of living in a Muslim country, Carmen was forced to put an end to this so-called glamorous lifestyle. But what she didn't know was that the strict Shariah rules, the jet lag and her feelings of loneliness, were not the most challenging things that she would have to overcome, as the real nightmare was yet to begin. In this story, the author takes you on an incredible journey where you will be able to find out throughout the eyes of a western girl what it's really like living inside the 'golden cage of Dubai' and how travelling and living a luxury lifestyle, will not necessarily lead you to happiness. In this book, you will also find useful information about the non-recognized and not understood phenomenon of why expatriates returning home can suffer from reverse culture shock, and how to fight this traveler's new syndrome, according to the author's own experience.

Oozing with men, money, and Maseratis, Dubai is the ultimate playground for the woman who knows her Louboutins from her Louis Vuittons. But for some, there's a lot more at stake than a Hermes Birkin. Sugar escapes the UK in an attempt to escape her past. Lady Luxe, the rebellious Emirati heiress, scoffs at everything her culture holds sacred. Set against a backdrop of luxury hotels and manmade islands, Desperate in Dubai tells the tale of four desperate women as they struggle to find truth, love, and themselves.

Valmiki's Ramayana is the story of Rama's exile and return to Ayodhya, of a triumphant king who will

always do right by his subjects. In Volga's retelling, it is Sita who, after being abandoned by Purushottam Rama, embarks on an arduous journey towards self-realization. Along the way, she meets extraordinary women who have broken free from all that held them back: husbands, sons, and their notions of desire, beauty and chastity. The minor women characters of the epic as we know it -- Surpanakha, Renuka, Urmila and Ahalya -- steer Sita towards an unexpected resolution. Meanwhile, Rama too must reconsider and weigh his roles as the king of Ayodhya and as a man deeply in love with his wife. A powerful subversion of India's most popular tale of morality, choice and sacrifice, *The Liberation of Sita* opens up new spaces within the old discourse, enabling women to review their lives and experiences afresh. This is Volga at her feminist best.

One of the most successful books ever published on women's health, *Everywoman* is the essential guide for women who want to learn more about their bodies and their health. Written in a sensible and straightforward way, it provides the medical and gynaecological facts as well as the social aspects of women's sexuality and wellbeing. This groundbreaking book has again been revised and updated to meet the needs of women of all ages.

A Californian paramedic answers an advertisement for contract work at a military hospital in Saudi Arabia. So his adventure begins. This is a riveting, factual account of his ten years inside a country seldom seen by the outside world. Working on the private medical staff of King Abdullah, no western writer has ever been this close to the "House of Saud". The author takes you on a journey from the desert camps of the Bedouin to the highest echelons of the Saudi royal family. From meetings between King Abdullah and Yasser Arafat to the death of Edi Amin the author documents it all. Themes explored include the contrast of cultures and the rise of terrorism in a post 9/11 world. The author's unique and often humorous perspective provides a view of Saudi society that has never before been documented by any other book in this genre. The author gives an important insight to events that continue to affect the world today.
