Coffee is a major export crop for Burundi. A specialty coffee marketed as Ngoma is traditionally grown and especially sought-after. Bird info for Burundi. Cameroon – Mostly (>80%) robusta. Most arabicas grown in the west, northwest, and east at high altitudes. There are Important Bird Areas in these regions. Choose arabica coffee from Cameroon, which is grown in small mixed plots (shade) or harvested nearly wild, and without the use of chemicals.

Coffee growing in Africa — Coffee & Conservation

Farmers in East Africa, already struggling with poverty and numerous other challenges, were hit particularly hard when coffee prices dropped to a 12-year low in 2019. The international benchmark price for coffee languished at less than \$1 a pound for most of the year – 30% under the 10-year average and, for most coffee-growing countries, below production costs.
