This Belgariad Omnibus contains the last two novels in Eddings's master Fantasy series, here we see Castle of Wizardry and Enchanters' End Game. As with the first Omnibus this is a great written piece of fantasy fiction it has a lot more action and adventure than his previous works which to me makes this just that little bit better.

Enchanter's End game, part of the Belgariad, was a very enjoyable read. I'd owned the hard copy before but was pleased to get it in eBook form. I re-read the whole series and found it as engaging as I did years ago. I particularly enjoyed the characters, though, admittedly, they were stereotypes of the genre.
