The book, *Everything is Mama* by Jimmy Fallon is a short and sweet, easy to read, postmodern picturebook. The story goes

through different words,  
with an animal only replying  
"MAMA" to everything. This  
book really didn't have a  
lot of words, or context, it  
is just a very simple book  
that I assume is for  
children just now learning  
to read.

The premise of *Everything Is Mama* -- that a kid would call a balloon "Mama" when a parent says it's "Balloon" -- is pretty contrived, seeming to serve primarily as a setup for the big message at the end. And that message's wording and meaning could be challenging for a toddler to grasp: that "one day you'll see Mama's everything is you."
