The Exit, Voice, Loyalty Model or Exit, Voice, Loyalty, Neglect is used in the fields of comparative politics and organizational behavior. It is an extensive form game used to model interactions typically involving negative changes to one player's environment by another player. These concepts first appeared in Albert Hirschman's more broadly focused 1970 book, Exit, Voice, and Loyalty: Responses to Decline in Firms, Organizations, and States. A common use in political science is between citizens

Exit, Voice, and Loyalty Model - Wikipedia

Exit, Voice, and Loyalty. : An innovator in contemporary thought on economic and political development looks here at decline rather than growth. Albert O. Hirschman makes a basic distinction between alternative ways of reacting to deterioration in business firms and, in general, to dissatisfaction with organizations: one, “exit,” is for the member to quit the organization or for the customer to switch to the competing product, and the other, “voice,” is for members or customers to ...
