Feminism has always recognised the importance of language in both theory and practice; the new feminist scholarship of the last twenty years has made extensive use of theories about language in attempts to understand and transform women's lives. Feminism and Linguistic Theory is a critical introduction to this evolving body of work. Accessibly written and newly revised to take account of recent developments, its scope is broad, encompassing work in linguistics, anthropology, literary and ...

Feminism and Linguistic Theory: Amazon.co.uk: Cameron ...

Feminism and Linguistic Theory is a critical but comprehensive and accessible introduction to recent work in this area. It ranges over a wide and varied field; not only does it review work in linguistics and other mainstream disciplines, but the alternative currents of radical feminist, Lacanian and postmodernist linguistic thought are given detailed consideration.

Introduction: Language and Feminism | SpringerLink

Feminist philosophy of language has come a long way in a very short time period. Initially, most work in the area was critical, calling for changes either to language itself or to philosophy of language. More recently, however, the dynamic has changed, with the advent of several major positive research programmes within philosophy of language.

Feminist Philosophy of Language (Stanford Encyclopedia of ...

Feminist language reform or feminist language planning refers to the effort, often of political and grassroots movements, to change how language is used to gender people, activities and ideas on an individual and societal level. This initiative has been adopted in countries such as Sweden, Switzerland and Australia, and has been tentatively linked to higher gender equality.

Feminist language reform - Wikipedia

Arguments have been made by some contemporary feminist linguists that female uses of language differ from male uses. While some argue that the difference may stem from essential biological differences between the sexes, others suggest that the differences may stem from women's different inscription in culture.

An introduction to theories about language in attempts to understand and transform women's lives. This evolving body of work encompasses linguistics, anthropology, literary and cultural theory, psychoanalysis and postmodern philosophy.

Feminism and Linguistic Theory | SpringerLink

Feminist theory is a major branch within sociology that shifts its assumptions, analytic lens, and topical focus away from the male viewpoint and experience toward that of women. In doing so, feminist theory shines a light on social problems, trends, and issues that are otherwise overlooked or misidentified by the historically dominant male perspective within social theory .
