The stand: generally, the bigger the TV the bigger the stand will be and while this is usually the case buying a new big-screen TV doesn't necessarily mean you need to throw away your old media unit. Some TVs have a central stand, while others have separate feet at each end of the screen.

~~What Size TV Should I Buy?—Which?~~  
1. Check the actual TV dimensions. The excitement of buying a new TV can often cause you to forget about the actual task of setting it up. A TV is more than just its screen size. The physical dimensions of a big screen TV, stand and bezel included, as well as its future placement in its room are all important factors to remember.

~~How to find the perfect TV size—Samsung-UK~~  
The next big decision to make when buying a new TV is what resolution to choose. A TV's resolution is a measure of the number of pixels on the screen. In previous years, you might choose between a 480p, 720p, or 1080p set. Each of those numbers denotes the number of horizontal lines of pixels that the set features.
