68W (often pronounced as Sixty-Eight Whiskey using the NATO phonetic alphabet) is the Military Occupational Specialty (MOS) for the United States Army 's healthcare specialist, also known as the combat medic. This specialty is open to males and females as well as allowing color vision deficient personnel.

68W | Military Wiki | Fandom

With the standard kit of medical supplies in the backpack, the 68W Army Military Occupational Specialty (MOS) waits for the call from his fellow soldiers, "Medic!" Often heard screeching from the front lines, the combat medic makes his way to find the injured soldier and get him secure enough to ship back to the field hospital by medical evacuation (MedEvac).

This page describes information about fields that are used for advanced searching. A field in JQL is a word that represents a Jira field (or a custom field that has already been defined in your Jira applications). In a clause, a field is followed by an operator, which in turn is followed by one or more values (or functions).
