"The Heritage" is a classical fragmented object game in which you search for fragments of
objects which you have to place to uncover "memory moments" which tell you the story. The
game has only one level of difficulty. You often have to place the found objects in order to
find more fragments, and for this you often switch scenes.

<https://kpf.realfiedbook.com/?book=1782210369>. A Heritage of Colour explores the techniques that can be used to create a wealth of colours from 50 plants, including many that have been in constant use as dyes for over 2000 years. Inspired by the colours on textile fragments from the Iron Age and by the achievements of early dyers, the author describes some of the dyes and methods of the past and considers how they can be adapted for use by today's dyers.
