Gallows Thief follows the beginnings of the post-Napoleonic War career of Captain Rider Sandman, who has been commissioned to investigate a murder. A man has been framed and is condemned to die. Will Sandman find the evidence to save him in time?! Most of the story takes place in and around Regency London.

*Cornwell*

Gallows Thief is a detective story, set in Regency London, a time when there were no detectives as such. There was a very busy gallows, however. This was a period when the English and Welsh gallows were at their busiest and, very occasionally, the government appointed an 'Investigator' to look into a conviction.

*The Gallows Thief, #2 by  
Bernard Cornwell - Goodreads*  
If innocent, Corday's trip  
to the gallows will be  
stolen from him, or more to  
the point, be stolen from  
the hoi polloi who use  
hangings as one of their  
main entertainments. So this  
is a Regency mystery but  
it's more than that since  
this is a Cornwell book.

Gallows Thief This is a bit of a different book for Cornwell. It is interesting to note how our justice system has improved since those days. The sights and smells of the City of London post Napoleonic was as if I was there. The reader James Frain did a good job. This is the first book I have
