Crème de la Crème

The auto-
entrepreneur,
now officially
called micro-
entrepreneur, is
a sole trader or
one-person
business,
registered under
the
entrepreneur's
name. As such,

Download Free Guide Auto

there is no distinction between the owner and the business, meaning the entrepreneur is liable for the debts generated by the business.

in France

Here in France, setting up a business usually involves a ridiculous amount of paperwork and bureaucracy. One of the few exceptions is the micro-entrepreneur status, which

used to be
called auto-
entrepreneur.

Becoming a micro-
entrepreneur is
a great option
whether you want
to be self-
employed,
freelance or
offer a service
as a side
gig. Unlike in
the U.S., you

must set up this
status BEFORE
you . . .
