The surging cost of building materials is set to keep house prices close to Celtic Tiger levels despite more properties being constructed at last. Inflation is likely to dash any immediate hopes that ...

Surge in building costs to keep house prices at boom levels

The price of the material to build the frame of a 1,500-square-foot house used to cost less than \$1,000. Over the past two years, that price skyrocketed as high as \$36,000, said Alan Risley, the ...

High cost of materials and rising interest rates are major drags on housing industry

Half of all the homes in Massachusetts were built before 1962, and nearly a third predate World War II. | realestate.boston.com ...

Green Building: Here's what it takes — and costs — to make an old home energy-efficient

Officials with a Phoenix-based international company say they have solved the problem of high home costs and the environmental impacts of lumber. For 50 years, Strata International Group has been ...
