With a mighty kick, the young zebra sent the baboon flying into the air. He landed on his bottom, causing a patch of hair to fall out. The young zebra, dizzy from the kick, stumbled into the fire next to the water  
pool. His white fur got scorched and left him with black stripes. The zebra's fur would never be plain white again. Read the full story here: How the zebra got its stripes

How did the zebra get its stripes? And other zebra facts ...  
ACCORDING to Rudyard Kipling's Just So Stories, the zebra got its stripes by standing half in the shade and half out, "with the slippery-slidy shadows of the trees" falling on its body.

How The Zebra Got His Stripes by Andrea Florens & Claire ...  
How the Zebra got its stripes. There are many stories and questions on how the zebra got his stripes, and here in Africa one of the most well-known is from the the San / Bushmen people of the Namibian  
Kalahari Desert. Many African tales and stories are told of the wild animals in Africa, to explain their unique look or behaviour. So, how did the Zebra got his black stripes, or is it white stripes?

How the Zebra Got his Stripes | African San Story  
Being too tired to get out quickly, the logs on the fire scorched him, leaving stripes across his white fur. The shock sent the zebra galloping away to the plains, where he has stayed ever since.The baboon and  
his family, however, remain high up among the rocks where they bark defiance at all strangers and hold up their tails to ease the smarting of their bald patches.

How the zebra got its stripes: The problem with 'just-so ...  
How the Zebra got its Stripesby Ginny - aged 12\u00bdForest City - U.S.A. Zebras, many years ago were not black and white. They were white. Some would say that they were a mixture between a white horse,  
and a donkey or mule. People at this time were still trying to domesticate (or train) wild horses so they could show them off, and prance around on them since they were so beautiful.
