What human-made structures can be seen from space?

In my last post, I argued that we built the modern world to run on the sizeable power of the human prefrontal cortex (PFC). We use our mighty PFCs to manage our current world, often enough with ...

Modern Life Changes the Brain. Here's How to Change It Back

Moreover, we tend to perpetuate our biased view of the world by seeking ideas and opinions that match our own. Individuals and organisations alike are vulnerable to this tendency, whether it's just ...

AI Could Reveal a More “Human” Understanding of the World

Professor Minna Palmroth, head of the Space Physics Research Group at the University of Helsinki, argues that we must rethink our current approach to space if we are to keep it open for use by future ...

Comment: Space junk is a danger to human life and future exploration

From the Palestinian leadership's misogyny, intolerance of LGBTQ+, dictatorship-style treatment of journalists and their citizens, and kleptocracy: Narratives to go on the offensive.

How to go on the offensive against anti-Zionists

We need fundamental changes in human activity, systems and behaviour ... experiences and relations for creating science-based sustainable solutions to build the world we envision for the future.

Reshaping human activity and behaviour to build a more sustainable world

As every athletic or fashion-conscious person knows, our body image is not always accurate or realistic, but it's an important piece of information that determines how we function in the world. When ...

Engineers build a robot that learns to understand itself, rather than the world around it

The compromise of SolarWinds' system management tool raised a lot of interesting issues for anyone using a CI/CD (continuous integration and continuous delivery) build process for their software. How ...

Build SBOMs with Microsoft's internal tool

The Smithsonian's first update to its collection policy in 20 years proposes ethical returns and shared ownership. But will it bring transformational change?

Human bones, stolen art: Smithsonian tackles its ‘problem’ collections

On July 19, a record-breaking heatwave consumed the UK. The sweltering temperatures – as high as 40.3°C at Coningsby, Lincolnshire – pushed the Met Office to issue their first ever Red Extreme ...

How the UK needs to prepare for future heatwaves

FNC's Tucker Carlson raged against the pro-profit pharmaceutical industry Monday evening in response to reports that SSRI anti-depressants don't actually work as advertised: TUCKER CARLSON: Happy ...

Tucker Carlson: Catastrophic Failure Of SSRI Drugs More Proof That Pfizer Products Are Not The Solution To All Human Problems

In a domino effect of financial turbulence, a more than 2-year-old COVID-19 pandemic and skyrocketing consumer demand have accelerated a nationwide labor shortage that economists say has been a long ...

How Generation Z has helped offset the labor shortage

As monkeypox continues to spread, with nearly 3,500 cases now reported in the United States, the Biden administration is weighing whether to declare ...

Build your health & fitness knowledge

HUMAN Protocol, a decentralized infrastructure project that aims to reshape how humans work, today announced the launch of a new blockchain coordination layer to handle routing functionality among ...
