improving business processes pocket mentor

Business process improvement (BPI)is a set ofdisciplined ap- proaches and tools that managers use to enhance their company's performance.As the name suggests,BPI (also called business process management,or BPM) focuses on changing business processes to improve their effectiveness.In organizations that useBPI: • Managers and employees know their business processes and capture them in process

maps,procedure manuals,or agreed-upon"ways ofdoing things."
