The first volume in this Early Childhood Education and Care in the 21 st Century: International Teaching, Family and Policy Perspectives miniseries provides a snapshot of early childhood education and care from 19 different countries around the world. The intention is to provide a description for the policy and provision for young children and their families in each of the unique contemporary contexts.

*International Perspectives on Early Childhood Education ...*

Early childhood education in many countries has been built upon a strong tradition of a materially rich and active play-based pedagogy and environment. Yet what has become visible within the profession, is essentially a Western view of childhood preschool education and school education. It is timely that a series of books be published which present a broader view of early childhood education.

The separation between early years and primary education and between different sectors (private, voluntary and state) caused some level of discontinuity in most participating countries. Work with parents was seen as a key factor in supporting continuity of experience for young children, but most delegates believed practitioners needed much more training in this aspect of their work.
