Syllabus for Graduate School of Economics

Clearly written, global in approach, and theoretically broad-minded, this text is an ideal introduction to environmental economics. Assuming no prior knowledge of economics, the international author team introduces fundamental economic concepts as they relate to our environment.

Introduction to Environmental Economics: Hanley, Nick ...

Environmental economics studies how economic activity and policy may affect the environment in which we live. This course provides students with theoretical and methodological tools that allow them to apply principles of economics to study how natural resources are (or should be) evaluated and managed. Contemporary environmental problems, such as climate change, sustainable development and transboundary pollution are discussed in light of the concepts introduced in the first part of the course.

EC138: Introduction to Environmental Economics

Course Overview. This new two-part course is designed to provide a practical introduction to the concepts, approaches and methods used in economics to address challenges in water and environmental management. It has been jointly developed with eftec, the UK's leading dedicated environmental economics consultancy and coordinator of the UK Network of Environmental Economists, and Environmental Policy Consulting, which specialises in the application of environmental economics to water management.

Environmental Economics - Training Course - CIWEM

This unit is designed to provide students with an introductory exposure to environmental economics. In addition to dwelling on the key concepts, tools and methods used in environmental economics, the unit provides an understanding as to why it is crucial to incorporate the environment as a factor of production in our economy, what the key

Introduction to Environmental Economics

Nagoya University Center for Global Environmental Leaders: In order to cultivate the specialists on civil engineering and environmental studies who will lead infrastructure and environmental policy and measures in the coming decades, Nagoya University established the Nagoya University Center for Global Environmental Leaders, directed by the Vice President of the University. The university-wide center supports capacity developments, global alumni networking and continued assistance to alumni ...
